7. Treasurer Report - Crystal

- Account Balances
 - Crystal not in attendance but will get them for next meeting

Matt Gould asked how students and staff are handling the change in covid restrictions within the school in relation to masking.

- Katharyn said there are still 5-10ish kids in certain classes choosing to wear a mask depending on the activity and they support whatever decision children and their families make in that regard. Otherwise not much change as Pre K-Grade 3 did not have mask requirements before. Teachers still are wearing masks in accordance with current restrictions and they have not noticed much of an impact

either positively or negatively within the school. Kids are still being offered masks daily and second covid test kits went home with families that requested them.

- Matt is looking forward to spending more time within the schools when he can, even via zoom sessions.

Next Meeting: March 22nd, 2022
