Staffing arrangements are not yet complete by Rob in Central but there will be a few changes as 2 teachers are transferring to WMS and one is transferring out. (Personnel details are not yet able to be disclosed).

Three (3) scenarios have been prepared for the 20-21 school year. Currently awaiting direction on which to move forward with.

This is tabled until fall but a tentative date with Evergreen will be arranged in advance.

We will provide information to the feeder schools before the start of the 20-21 school year in an effort to build those relationships.
