

CENTRAL ALBERTA REGIONAL COLLABORATIVE SERVICE DELIVERY MODEL (CA RCSD)

The RCSD is a regional partnership between senior leaders from School Authorities, Alberta Health Services (AHS), Child and Family Services (CFS), Persons with Developmental Disabilities (PDD) and other community stakeholders. Under RCSD, partners work together on a regional basis to meet the identified needs of children and youth. RCSD resources are pooled and shared to support the identified needs of children and youth in a given region. Children and youth throughout the region have equitable access to services regardless of their school program.
