## HIGHLIGHTS, PLANS, ASSUMPTIONS AND RISKS SUMMARY- 2024/2025 BUDGET REPORT

The following were presented to the Board and approved as underlying the budget. These key points and assumptions used in development of the budget take into

consideration the economic environment of the jurisdiction, focus on anticipated changes from current year, and are realistic and consistent with the three year

Education Plan. At a minimum, they disclose key budget assumptions, financial & business risks, and specific strategies explaining how this budget will

support the jurisdiction's plans

## Budget Highlights, Plans & Assumptions:

Maintain current Division budget priorities by accessing Division operating reserves \$20 reduction to school Per Pupil Allocation (PPA) Continue with School fees Continuation of the School of Choice Programs Continue to support students experiencing academic and mental health challenges, and student well-being Curriculum Implementation for professional development Balanced school budgets

School reserves from the current school year are directed to Division surplus (deficit)

## Significant Business and Financial Risks:

With the current status of the provincial economy and increased number of newcomers to Canada there has been some uncertainty of what next years' student enrolment will be. While we are confident in our projections, an increase or decrease may result in late staffing placements or transfers in the fall as well as a potential reduction to the Weighted Moving Average funding for the following funding year.

CUPE collective agreement expires on August 31, 2024. A new agreement has yet to be settled.

ATA collective agreement for local bargaining expires on August 31, 2024.

Alberta has recently been designated a high-risk province due to natural disasters such as fires and floods. Insurance rates for school boards have increased exponentially. The increase to property insurance rates are expected for the foreseeable future.

With school and transportation fees no longer being funded this puts pressure on the division to introduce the return to charging parents for these fees.

School Jurisdiction Code: 3070

## DETAILS OF RESERVES AND

#### MAXIMUM OPERATING RESERVE LIMIT EXEMPTION CRITERIA

#### for the Year Ending August 31, 2024

This template is designed to provide information about your school jurisdiction's reserves and to assist you in determining if you need to submit a letter requesting an exemption to exceed the maximum limit of Operating Reserves to the Minister. It has been split in to two parts, exemptions (Row 20 - 45) and transfers between operating and capital reserves (Row 46 - 61).

As per the 2023/24 Funding Manual, a formal request for an exemption to exceed the 2023/24 maximum operating reserve must be approved by the board and submitted to the Minister. If a reserve request to exceed the limit is required, please submit your formal letter by November 30, 2024. This tab should be attached as a supplement to your formal request. School jurisdiction's 2023/24 system administration percentage (3.2% to 5%), must complete Section A. These school jurisdictions will only require an exemption for the 2023/24 school year and not in the 2024/25 school year, assuming the balance is still below 6% in 2024/25. School jurisdictions projecting 2023/24 operating reserves to be over their maximum limit for 2023/24 AND the new 2024/25 limit of 6% of total expenses must complete both Section A and B, as they will need to demonstrate when operating reserves will be drawn down below 6% over the subsequent school years. School jurisdictions who are projecting to be below their maximum limit in 2023/24 are not required to complete Section A or B.

If your school jurisdiction is projecting to transfer between operating and capital reserves for the 2023/24 and/or 2024/25 school year, please complete the section under Row 46. The transfer amounts reported should agree with the 'AOS' tab. Please note that a letter requesting Ministerial approval is required to transfer from Capital to Operating Reserves.

#### SECTION A: (MAX LIMIT EXEMPTION CRITERIA)

(1, 199, 118)\$ Please provide detailed rationale and planned usage for operating reserves in excess of the 2023/24 maximum: Please note that this does not constitute as a Ministerial request for approval. An exemption request letter submitted to the Minister is still required for an exemption for the 2023/24 school year.

#### SECTION B: (MAX LIMIT EXEMPTION CRITERIA)

If estimated 2023/24 operating reserves are greater than 6.0%, provide a detailed drawdown plan to illustrate how and when the reserve balance will be below 6.0%. However, if your 2023/24 operating reserve balance is 6.0% or greater, but you anticipate that the 2024/25 balance will be less than 6.0% or you do not plan to request an exemption, you are not required to complete Section B. Please indicate this in the response under Section A.

#### NOTES:

1) Enrolment is to be completed WHEREVER APPLICABLE and are 'as at September 30th' for each year.

2) Budgeted enrolment is to be based on best information available at time of the 2024/2025 budget report preparation.

3) Other Grade 1 to 12 students that are not eligible for base instruction funding from Alberta Education include First Nations students living on reserves for which tuition fee payments are made from Band or AANDC (Code 330), students younger than 5 1/2 or older than 20, and out-of-province and foreign students.

4) Because they are funded separately, Home Education students are not included with total net enrolled students. Home Education Kindergartens, under ECS, do not apply to charter schools.
