

***Supporting success for all  
First Nations, Métis and Inuit students.***

Alberta Education has identified improving results for Indigenous students as a priority. Measures used to track Indigenous student results include:

- PAT/Diploma Exam Results
- High School Completion & Drop Out Rates
- Post-secondary Transition Rates
- Rutherford Scholarship Eligibility

To support this priority, First Nations, Métis and Inuit Learning Services team welcomes the opportunity to work with schools to implement strategies that include:

- Parent and community engagement
- Cultural programming and awareness
- Curriculum support
- Professional development
- Support transitions in students' education
- Individual student supports
- Celebrating student success

***Together we can support Indigenous student achievement, excellence and success!***

## ***Supporting the Success of First Nations, Métis and Inuit students***

### **Teachers from First Nations, Métis and Inuit Learning Services provide unique and valuable educational supports that include:**

- Consulting with and supporting schools through conversations that focus on Indigenous student success
- Providing teaching and learning resources that support and increase awareness, knowledge and understanding of Indigenous cultures
- Classroom presentations on Indigenous topics within the Program of Studies
- Developing curriculum resources that enhance the capacity of teachers to support the infusion of Indigenous perspectives within all subjects
- Professional Development workshops for school staff
- Collaborate with teachers to customize lessons and units according to classroom need.
