ALUMNI

WHITNEY OGLE

Social Work

"I'm the first person in my family to graduate post-secondary. What that has done on a collective approach is bigger than just me, it's an achievement for my family and my community. Post-secondary education will provide all of us as the human nation with the tools that we need to walk a good path. It has truly changed my life."

TELL US ABOUT YOURSELF

The following information is based on Holland's Theory of Career Choice.

Select the categories that describe you best and match the colour of those categories to the corresponding MHC programs.

Realistic You enjoy spending time outdoors, using tools to fix things, or working with animals, machines or equipment. Your favourite high school subjects may have been physical education, industrial arts, home economics or computers. You tend to use common sense to solve problems and appreciate work environments that are organized and structured. Your friends may describe you as practical, dependable, adventurous, or athletic.

Investigative You enjoy tasks that are mentally challenging, like to learn new things, and work well on your own. Your preferred work environments are indoors, task oriented and unstructured. You have a curious mind and love to research and analyze information, especially when it can be used to solve a problem. In high school, your favourite subjects might have been math, biology, chemistry or physics. Independent, thoughtful and original are some of the words your friends might use to describe you.

Artistic You love to be free-spirited and prefer activities that engage your creative side. Unstructured and flexible work environments are valued, and you enjoy observing and participating in a variety of artistic pursuits. You value your independence and see the beauty in everything around you. Some of your favourite subjects from high school may have been art, music, drama and English (creative writing). Your friends know you as a sensitive person who has an open mind and great imagination.

Social You care about people, value relationships and believe communication, trust and community are important. Motivated by helping and empowering others, you enjoy teaching, listening and solving problems in collaborative and supportive environments. Your favourite subjects from high school may have been English, social studies, health and biology. Your friends can always count on you and may describe you as patient, generous and idealistic.

Enterprising You are interested in taking on leadership roles and can be extremely persuasive. Ambitious and assertive, you likely excel in activities that appeal to your competitive nature. Math, business, law or social studies may have been your favourite subjects in high school. Your friends (and you probably have a lot of them) might describe you as energetic, adventurous, confident and talkative. You value success and strive to be the best at everything you do. You are also up for taking risks, especially if the rewards are big!

Conventional You are all about order and efficiency. Practical and precise, you prefer working indoors in structured and predictable environments. Your favourite subjects from high school might have been math, computers or English (grammar, spelling). Your friends may describe you as thrifty, respectful and patient. You excel at being organized and you value being dependable and accurate.

RESIDENCE

move in

Live the ultimate college experience! Independence, convenience, and affordability are yours when living in residence at MHC. Connect with a close knit community and develop friendships that will last a lifetime. Accommodations are comfortable, four-bedroom, fully furnished townhouse units in two complexes—Golfview and Couleevew. Each bedroom is equipped with a bed, desk, WiFi router, and closet, while each unit is furnished with a washer and dryer, living room furniture, kitchen appliances, deep freezer, vacuum cleaner and storage space. Just bring bedding, kitchen utensils, dishes and other personal effects and you're ready to move in! We also have eight four-bedroom units at our Brooks Campus that offer the same amenities.

With a two minute walk to classes and rent as low as **\$597/month** including utilities and WiFi, living on campus just makes sense.

Let residence be your home away from home. Find out more at www.mhc.ab.ca/services/residence.

◀ MEDICINE HAT

tourismmedicinehat.com

Whether you already call Medicine Hat home or are ready to make a move, this warm and welcoming community in Southeast Alberta has everything you need and more. There are endless opportunities to be active and enjoy the great outdoors with the city's extensive trail system, golf courses, and green spaces. Medicine Hat also boasts a vibrant arts and entertainment scene featuring exceptional musical talent, sporting events, and high profile shows at the Esplanade Arts & Heritage Centre, Canalta Centre, and other venues around the city.

With all the amenities of a larger centre plus the advantages of living in a smaller community, like short commutes and affordable accommodations, there's lots to love about The Hat.

Located less than 300 kilometres from Calgary and 50 kilometres from the Saskatchewan border, Medicine Hat is well-positioned along the Trans-Canada Highway with easy access to the Cypress Hills and the United States.

◀ BROOKS

visitnewell.com

Some of MHC's programming is offered at our Brooks Campus, located 100 kilometres west of Medicine Hat. Brooks is a vibrant, diverse community rich in culture and western hospitality with easy access to world-renowned attractions.

For a complete list of programs and services offered at Brooks Campus, please visit www.mhc.ab.ca/brookscampus or contact **403.362.1677** for more information.

EXPAND your MIND

INTERNATIONAL / EDUCATION ABROAD

see the world

MHC's international activity is guided by the philosophy that education and learning is greatly enhanced by an understanding of different cultures, languages and peoples.

Education Abroad programs provide students with opportunities to develop the skills and attitudes required to function successfully in an interconnected global society, world and economy. Choose from student or summer exchange programs.

◁ MHC has partnerships
with 30 institutions in
15 countries around
the world.

ADMISSION CHARTS

program admission requirements

It's never too early to start planning for your future. Prepare for your MHC experience today by understanding the admission process and requirements for your chosen program.

CERTIFICATE

Program Length: 1 year

Certificate programs allow students to train for a specific career in a very short period of time.

DIPLOMA

Program Length: 2 years

Diploma programs prepare students for careers or further study.

APPLIED DEGREE

Program Length: 3 years

Applied degrees combine academic education with practical, on-the-job training.

DEGREE

Program Length: 4 years

Degree programs are offered on campus in partnership with other Alberta universities, allowing students to complete a full degree in Medicine Hat.

UNIVERSITY STUDIES

Program Length: 1-2 years

University Studies allows students to start their degree at MHC by building an individualized program that meets their interests.

APPRENTICESHIP

Program Length: 3-4 years

Apprenticeship is a combination of on-the-job and technical training that leads to certification as a journeyman.

* COMPETITIVE ENTRANCE

Please note that some programs at Medicine Hat College follow a competitive admission process. This means that we receive more applications than there is space in the program and will admit students who possess the highest grades in the courses required for admission to that program. The minimum grade requirements listed for admission are rarely sufficient for a successful application.

Typically an average between 75-85% is necessary in order to be considered for admission into competitive programs. The competitive admission average cannot be determined in advance as it depends on the grades achieved by others who are also applying to the same program. Students who are interested in a competitive program are encouraged to apply as early as possible. All applicants to competitive programs will have an admission decision no later than June 1.

Explore your career options,
visit alis.alberta.ca.

ACADEMIC SUBJECTS

ALBERTA:

- Aboriginal Studies 30
 - Biology 30
 - Chemistry 30
 - Mathematics 30-1 or 30-2
 - Mathematics 31
 - Physics 30
 - Science 30
 - Social Studies 30-1
 - A 30-level language
 - 5 credits in Advanced-level CTS Computer Science (CSE)
- ONE OF
- Art 30 or Art 31
 - Dance 35
 - Drama 30
 - Choral Music 30
 - General Music 30
 - Instrumental Music 30

SASKATCHEWAN:

- Biology 30
 - Calculus 30
 - Chemistry 30
 - Computer Science 30
 - Earth Science 30
 - Geography 30
 - Geology 30
 - History 30
 - Pre-Calculus Mathematics 30
 - Foundations of Mathematics 30
 - Native Studies 30
 - Physics 30
 - Social Studies 30
 - A 30-level language
- ONE OF
- Arts Education 30
 - Visual Arts 30
 - Dance 30
 - Drama 30
 - Band 30
 - Choral Music 30
 - Music 30
 - Francais Fransaskois A30 or B30
 - French 30

OTHER PROVINCES:

If you are from outside of Alberta or Saskatchewan, please view other provincial high school equivalencies for various subjects by going to www.mhc.ab.ca/admission/apply and clicking on Provincial Equivalents.
