APPROVAL:

The Red Deer Public School District No. 104 hereby agrees to accept the above-named out of attendance area student in

_____ School effective the 20__ - 20__ school year under the following conditions:

1. Transportation to and from the school and lunch supervision fees shall be the responsibility of the parent as per Board Policy 6.03.01.
2. This acceptance applies only to the school and the student specified on this form. It cannot be transferred to another school or student.
3. This acceptance will be granted on a year to year basis for the duration of the student's program at the school. If a parent wishes to enroll their child in a school other than the school in which their child has been accepted, they shall make application to the principal of the school in which they wish their child to be enrolled. This shall include the transition points in the feeder school system. E.g. When a parent of a student who has been accepted at an elementary school wishes to have their child enrolled in the middle school into which the elementary school feeds. Note: When considering withdrawal from a school of choice during the school year, parents and guardians (and students who are eighteen years or older) are advised that access to another school in the Red Deer Public School District, including the designated neighbourhood school, during the same school year, is subject to the approval of the principal of the other school.
4. We the undersigned certify that the above information is complete and correct.
